

Notice of Work – George G. White Middle School

Dear Parents, Guardians and School Staff,

As you prepare to return to school in September, PSE&G is continuing to work in your neighborhood to replace old gas pipes with new piping in order to ensure the continued safety and reliability of your gas service. While our work may not impact classrooms directly, it will affect traffic flow in the area of your school. We are working with local officials to minimize the impact to your school, particularly in drop-off and pick-up zones.

In light of the COVID-19 pandemic, and in the interest of maintaining the safety of our customers, our employees, and their families, PSE&G workers and PSE&G contractors follow safety protocols guided by the CDC and NJ State Department of Health, as well as all directives from the Governor’s Office and county/municipal governments.

Please note the following:

- We will be working on the following streets
- During September 2020 thru December 2020, our work hours are 7:00 a.m. to 7:00 p.m., Monday through Friday, with possible Saturday work.
- All construction work is dependent on weather.
- When work is finished, we repair roads with temporary pavement until the project is complete and the ground settles. This generally takes 45 to 90 days. Final restoration may take longer, depending on the weather conditions, size of the project or at the request of the municipality. PSE&G then restores roads with permanent paving, in accordance with local ordinances and paving requirements.

While this work will cause some inconvenience, we are dedicated to investing in new infrastructure that ultimately better serves our business and residential customers.

For a list of streets and video about the work, please visit pseg.com/gaswork. If you have any questions, please call 1-833-661-6100 and leave a message.

Thank you for your patience and cooperation as we work to complete these important upgrades.

Sincerely,

PSE&G Field Supervisor
