

Hillsdale Police Department

Physical /Developmental Disability Registration Form

A registry to assist persons at risk

The Hillsdale Police Department (HPD) in conjunction with the Access for All Committee, has created a registry for individuals with any physical disability, cognitive disability or with a sensory impairment in an effort to give police quick access in an emergency to critical information about a person who is registered. The information you provide is **confidential and will only be used by law enforcement**. The registry can provide police and emergency responders, with emergency contact information, detailed physical descriptions, medical alerts, known routines, favorite attractions or special needs of an individuals. Information regarding persons with any physical disabilities, medical conditions and limited communication skills may include those with Autism, Dementia, Alzheimer's, Seizures, Cerebral Palsy, Down Syndrome or any other endangered individuals. This information can greatly assist police officers when time is essential in communicating and dealing with an emergency situation involving a person with a developmental disability.

The registration form asks for valuable information that police may need when helping individuals with any disability. We ask that all questions be filled out completely and a current photograph be provided. If you are unable to supply a photograph, we can take one for you.

If any information on the registration changes you are encouraged to inform us as soon as possible. This program is free to the community and another example of the partnership between the HPD, Access for All and its residents. Please contact Lt. Dan McLaughlin at 201-664-4200 ext. 1536 or email accessforall@hillsdalepolice.com with any questions. Completed forms may be returned to our police officers, e-mailed, or taken directly to the HPD.
