# Give Kids A Smile®

ADA American Dental Association®

Give Kids A Smile® is an annual volunteer initiative providing free educational, preventive and restorative services to children from low-income families. Thousands of dentists across the country will take time from their practices to help underserved children who aren't getting the oral health care they need.

## Will You Join Us?

Give Kids a Smile focuses on the epidemic of untreated oral disease among disadvantaged children and delivers the message that dentists alone can't solve this problem without a real commitment from government and society. And to provide an effective platform from which dental societies can advocate common sense, market-based solutions to local access problems.

## Your Community Needs You!

Help make a difference in the lives of children in your community. Please consider volunteering your times and talents for this year's Give Kids A Smile!
